Driving Directions

Tignes Les Brévières is approximately 600 miles/10 hours from the channel ports and all but the last 12 miles is dual carriageway. Departing from Calais, follow the signs to Reims, Troyes, Dijon, Lyon, Chambéry, Albertville, Moutiers, Bourg St. Maurice, Tignes and finally Tignes les Brévières. (Remember to be very careful on the last section of your journey from Albertville into Moutiers, as the traffic police are there nearly every weekend with on the spot speeding fines.)

Take care if using a Sat Nav when travelling to Tignes les Brévières from Geneva. Program the route via Annecy and Albertville, otherwise you may be directed through mountain passes that are only open during the summer.

As you come up the mountain and near Tignes watch for the right turn to Tignes les Brévières (if you come to a junction where the road splits left for Val d'Isere and right for Tignes taking you over the hydro electric dam, you have missed the village). One mile after the turn to the right for Tignes les Brévières you will enter the village, passing the bus stop and the Tobac on the right. The Chalet Bonjour Bonjour is the first building on the left, 100m past the bus stop. Continue down the village for a further 200 meters. The Chalet Colettine is on the right, 4 buildings back, before the right turn over the bridge on to the piste. Go up the wooden steps on the left of the building to the front door.

Directions if catching the train.

When you come out of the train station at Bourg, cross the road and the coach station is opposite. Coaches are timed to leave shortly after the train arrives. There is always a queue for tickets so try to be first off the train. Ask for the Tignes bus and specify Tignes les Brevieres to the driver so that he will take the turn into our village and not go straight passed to Tignes. From the bus stop walk down the main street towards the slopes, passing the Tabac on the right. The Chalet Bonjour Bonjour is the first building on the left, 100m from the bus stop. Continue down the village for a further 200 yards. The Chalet Colettine is on the right, 4 buildings back, before the right turn over the bridge on to the piste. Go up the wooden steps on the left of the building to the front door.
